

Village Hall Constitution Changing AGM

We are having a very important AGM on Thursday the 24th April, 7pm in the Village Hall.

We need to change our constitution, as it was written 30 years ago, and tied the governance to 27 named organisations, most of who either no longer exist, or are not interested in the hall or fields.

The changes we are suggesting are to update the list and to enable the list to evolve over time to prevent us getting back into this situation in another 30 years.

This meeting is your chance to have your say about the constitutional changes we are planning, and the future of the hall, so please come along.
